Vision

“The Voice”, Inc. is a non-profit 501(c)(3) organization established 2007 to impact, empower, and enrich the community one person at a time. A family unit is the most historical fundamental social unit around the world. Home is where lives are shaped and developed. As family life changes, statistics show that family units are also disintegrating. This phenomenon is impacting the society at large.

We are seeking to reconnect and solidify the family unit.

Goals/Objectives

To strengthen the family and the community by providing a variety of resources that will equip children and families with the tools they need to be successful in different aspects of their lives.
